

Help Parents and Families Choose the School That's Right for Them

Children only get one chance at a quality education. Parents, grandparents and guardians know that sometimes the best school option for their children may be out of financial reach. Scholarships and tax credits are a few of the solutions supported by the Illinois Kids Campaign.

Scholarships for Illinois kids to attend private schools

- \$6,500 for elementary students and \$8,000 for high school students, on average
- Eligibility includes currently enrolled students and new students
- Schools maintain complete control over admission process and culture

Tax credits for parents, step-parents, guardians and grandparents

- Increase tax credit threshold for qualified education expenses, such as tuition and book fees, from current limit of \$500 to \$1,000
